

**50. JUBILARNI KOLOKVIJ KNJIŽNICE INSTITUTA "RUĐER
BOŠKOVIĆ"
10 GODINA WEBU U HRVATSKIM
KNJIŽNICAMA**

**Informacijski izvori
i Intranet**

Tibor Tóth

SADRŽAJ

i

1. InfoPortal

**2. Intranet kao sredstvo za
razmjenu podataka,
informacija i znanja**

POČEĆI

**Prije INTRANET-a u PLIVI je ranih 1990-tih
već postojala solidna mreža Mac
računala**

**1994. D. Žužić i T. Tóth su inicirali
priključak Instituta PLIVE na CARNET i
na INTERNET**

INFOKAOS

Mnoštvo

**različitih informacijskih izvora
raspoloživih na raznim medijima,
dostupnih različitim tehnikama i na
različitim mjestima, pod različitim
uvjetima postali su nepregledni i
informacijskim specijalistima, a još više
krajnjim korisnicima**

INFOKAOS

- klasični bibliotečni fond
- sve vrste e-publikacije (sve više)
- sve vrste baza podataka u kući ili izvan
- različiti info-servisi
- baze znanja
- korisni linkovi
- narudžbenice
- korisni alati, itd.

INTRANET

INFOPORTAL

**Jedinstven
pristupni punkt
svim, prvenstveno eksternim,
informacijskim izvorima
nabavljenim, pretplaćenim ili na
bilo koji način dostupnim u
kompaniji.**

Analytical

Definition
Analytical chemistry is the analytical chemistry applies to gain an understanding of their chemical composition and structure.

Instrumental analysis **Inorganic, organic and organometallic analysis** **Applied and industrial analysis** **Qualitative analysis**

Quantitative analysis **Instrument calibration** **Clinal chemistry**

Useful Links ←

General

- Webanalytes**
Webanalytes aims at curating web resources with diverse principles and applications of analytical chemistry and related sciences for improving the quality of science education & research, health, safety & environment.
- Analytical chemistry definition**
From Wikipedia, the free encyclopedia. (2004-08-13). TT)
- LabGuide Online**
Online source for analytical instruments, laboratory products, chemicals, equipment, services and supplies. Finding the information you need is fast and easy. Either click on one of the category links or use the handy Search box to locate information by company (or keyword). Once you have located listings containing the information you need, you can compare details from different vendors, request further information, or link directly to the vendor's website. (2004-08-01). TT)

INFOPORTAL

- Svakodnevno održavanje
- Svakodnevno obogaćivanje
- Interni marketing
- Dorada taksonomije
- Može i bolje → Rad na verziji 2

*INFOPORTAL su dizajnirali i realizirali djelatnici
Istraživačkog informacijskog centra u PLIVI*

INTRANET ZA RAZMJENU ZNANJA

- Globalne kompanije
 - više tisuća zaposlenih
 - na različitim lokacijama
 - u različitim vremenskim zonama
 - dijelom međusobno nepoznatih osoba
- Intranet i Extranet su infrastruktura za razmjenu podataka, informacija, ideja i znanja (da se ne izumi ponovno kotač)

INTRANET ZA RAZMJENU ZNANJA

- e-mail
- kolaboracijski alati za manje interesne grupe
- web stranice organizacijskih jedinica širom svijeta
- baza podataka “tko što zna?” (o zaposlenicima) –
 - tacitno znanje nemoguće zapisivati
- interne baze podataka,
- interni (službeni i neslužbeni) dokumenti,
- IT alati,
- vijesti, najave,
- predavanja, poster, izvještaji, itd.
- različiti portali, itd.

INTRANET ZA RAZMJENU ZNANJA

- mnoštvo različitog sadržaja
 - manje kaotično od Interneta (dijelom kontrolirano i moderirano – “content providers”)
 - pretraživo (jednostavno i napredno)
 - grupirano po istoj taksonomiji kao i InfoPortal
 - dio vidljiv svima
 - dio vidljiv samo uz specijalne lozinke određenim zaposlenicima i grupama

INTRANET ZA RAZMJENU ZNANJA

– Problemi

- više jezika u globalnoj kompaniji
- tendencija organiziranja web stranica po organizacijskoj shemi
 - vrlo često se mijenja (akvizicije, prodaje, reorganizacije)
- tendencija “tajno”
- nemogućnost otvaranja svih sadržaja svima, neki su sadržaji pod “specijalnim softverima” i svakom korisniku se mora kupiti licenca
- pretraživač ne ulazi u sve vrste sadržaja (deep web)
- čišćenje zastarjelog sadržaja

INTRANET ZA RAZMJENU ZNANJA

– Problemi

- kako motivirati pojedince da aktivno daju svoje znanje
- kako stopirati neposlovno korištenje intraneta i neposlovni izlazak na internet
- kako naučiti svakog korisnika na inteligentno korištenje svih relevantnih alata (radionice, e-učenje, online uputstva)
- kako osigurati sve veći kapacitet, a da se mreža ne zaguši

INTRANET ZA RAZMJENU ZNANJA

Uz sve probleme danas je
bez
INTRANETA i EKSTRANETA
rad i život
u globalnoj kompaniji
nemoguće zamisliti!

Informacijski izvori i Intranet

Hvala na pažnji!
